

ME6000M BATCH MONITOR PRINTER PACKAGE

FEATURES

- * Very easy setup & install
- * Fully programmable system
- * Automatic Print after each batch cycle
- * Many logging & recording features

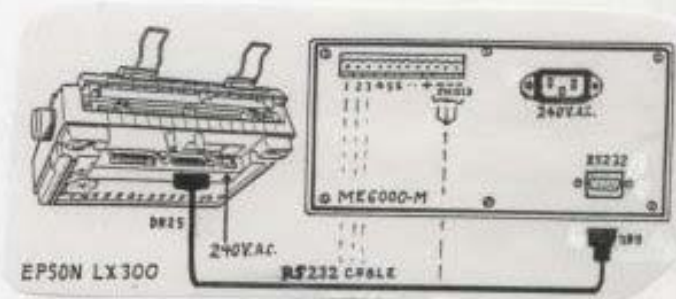

The package is ideal in applications (e.g. concrete plants) where conventional Manu batch controllers and or flowmeters are in use, providing batch quantity printouts with date & time reports.

The addition brings non-computerised applications (e.g. concrete plants) upto satisfying Quality Standards Certification requirements.

The system can also be installed in existing computer batch plants, providing important cross reference batch print reports with visual batch total numeric verification & grand total & batch report recall data.

The ME6000M monitor/printer package consists of the following items:-

- 1 ME6000M batch monitor printer driver unit
- 1 EPSON LX300+ printer
- 1 Interconnecting cable DB9 to DB25
- 2 Power cables for ME6000M & printer
- 1 Instruction manual
- 1 100 continuous feed A4 sheets
